PRESPO

Final Conference

The Artisanal Fisheries In The Atlantic Area

Wednesday 11th April, 2012

Centro Tecnológico del Mar-Fundación Cetmar

Eduardo Cabello s/n - Bouzas, Vigo

CETMAR will held the Final Conference of the Project 'Sustainable Development of the Artisanal Fisheries in the Atlantic Area' (PRESPO), in the framework of the European Transnational Cooperation programme. The conference will provide an overview of the situation of artisanal fisheries in the Atlantic Area, presenting results related to information and data collection, management models, socioeconomic diversification, commercialization and selectivity and discards.

The main outputs embrace a proposed common definition of "artisanal fishing" for the Atlantic Area, the implementation of multidisciplinary management models in case studies, best practices in diversification, quality measures for products and gear impact.
